

# ResinDek® XLD<sub>50</sub>

## ResinDek® XLD<sub>50</sub> Product Description

Cornerstone Specialty Wood Products, LLC developed ResinDek® XLD<sub>50</sub> 1/2" panels for easier handling and installation. Although only 1/2" thick these panels still provide durability for warehouse traffic.

Because of their unique design, the 1/2" ResinDek® XLD<sub>50</sub> panels can support up to 1,250 lbs. which places them on par with many 3/4" thick panels in today's marketplace. Thinner panels save money in freight, initial costs, and installation time.

All ResinDek® panels are made with specially sorted and processed wood fibers, customized formaldehyde free resins, and a wax emulsifier. The ingredients are combined and compressed under extremely high pressure and temperature, resulting in a panel with superior physical properties that are especially designed and built to withstand heavy rolling cart and pallet jack loads.

## ResinDek XLD<sub>50</sub> Specifications

Mezzanine Floor Panels shall be ResinDek® XLD<sub>50</sub> as manufactured by Cornerstone Specialty Wood Products, LLC (CSWP).

ResinDek® XLD<sub>50</sub> shall be .5" in thickness and capable of supporting live and dead loads up to 1,250 lbs. ResinDek® XLD<sub>50</sub> shall have a Gray Diamond Seal® Finish as

provided by CSWP. A seven-year warranty shall be provided and passed to the end user from the manufacturer. Installation of ResinDek® panels shall be in accordance with the ResinDek® Installation Instructions provided by CSWP.
